RESPECT LIFE

2020 *Spring Workshop*

In 1995 Saint John Paul II wrote the encyclical *Evangelium Vitae* — “The Gospel of Life,” which reiterated the view of the Catholic Church on the value of life and warned against violating the sanctity of human life. Join Fr. Thomas McCabe, a local Archdiocesan Priest, who will equip us with why this 25th Anniversary of this encyclical is more relevant today than ever before!
