

Thank you for your commitment to praying for those with COVID-19 who are being anointed and their families, as well as the priests and medical teams ministering to them.

We apologize for the trouble some of you have been experiencing signing up for prayer notifications on the new app. If you still need assistance signing up, here are some steps that should help:

1. Click the following link from your mobile device to download myParish app. <https://mypari.sh/frs>
2. Say, Yes to "Navigation Service"
3. Say Yes to "Notifications"

NO need to log in! Here's a look at what you'll find on the Join in Prayer app:

Messages- This is where the current message of anointing will display. These will come as a push notification if notifications are turned on. If you did not allow notifications when you initially loaded the app, you can go into your phone settings and turn them on for the myParish app.

Anointing- Here is an explanation for first-time joiners and the prayers to pray each time a notification is sent.

Health Care- This is an ongoing list of those in health care who have asked for prayers.

Contact Us- Find contact information for the Archdiocese here.

All the other buttons are additional prayer resources to help your faith journey!

Please feel free to contact the Diocesan Customer Care team if you are in need of additional help by calling 1-800-994-9817 or visiting <https://diocesan.com/customer-care/>.

Thank you again – your prayers continue to encourage, protect and comfort all those involved in the COVID-19 Anointing Corps ministry.

In Christ,
COVID-19 Anointing Corps
Archdiocese of Saint Paul and Minneapolis
